# Endless Entertainment and Food Expected To Draw Thousands to Art People Party

With fingers crossed for sunshine, the Arts Council of Princeton and a group of Princeton University students are looking forward to welcoming thousands of visitors this Saturday to The Art People Party — Communiversity, the event they are co-sponsoring.

The party will take place from noon to 4 p.m., partly in town and partly on campus, thus symbolizing the sense of "communiversity" that is the day's theme.

Nassau Street from Palmer Square East to Tulane Street will be closed to traffic. (The Palmer Square streets and Tulane will be open). Witherspoon Street will also be shut to traffic — and open to people — from Spring Street to Nassau.

The Art People Party (rain date is Sunday) will offer a wide variety of music, dance, theater, happenings — and food. In the latter category, the hungry visitor will be faced with such choices as souvlaki, clams on the half shell, funnel cakes, cheesecake, fried chicken, chocolate finger food, pizza, and gazpacho. There'll even be a chance to top Terhune Orchards' apple pie with Thomas Sweet ice cream, since they'll be in adjoining booths.

The main sites for the events will be Nassau Street, Nassau Green, East Pyne Arch, Cannon Green, and Witherspoon Courtyard. Among the university groups set to entertain are the Princeton University Band, Scottish Country Dancers, Jazz Ensemble, Brass Quintet, Jazz Combo, and marching band.

The town will offer much too, including a break dancing group, jugglers, Princeton High School's Cat's Meow, and the Princeton Chinese School's Lion Dancers.

Also planned are games, demonstrations by craftspeople, puppeteers, bubble making, chalk drawing on the street, and mimes. Nine singing groups will perform in the arches of East Pyne Hall and six rock bands will provide continuous music in Witherspoon Courtyard.

# New Six-Story Facility, Addition to J-Wing Part of Medical Center's Long-Range Plans

A two-story addition to the Jwing, and a new six-story patient care facility fronting on Franklin Avenue in place of the original 1928 H-building, are part of Princeton Medical Center's long-range plans.

At the invitation of the Planning Board, Dennis W. Doody. president of the Medical Center at Princeton, outlined these and other plans at an informal work session with Planning Board members last Thursday. Unlike some of the past encounters between the board and hospital officials, the atmosphere was friendly and relaxed, and the Medical Center was praised for having done "a pretty good job" in keeping its activities to one square block and minimizing as much as possible the sources of friction with residential neighbors.

Mr. Doody said that a stateimposed moratorium on any hospital construction over \$10 million is currently in effect, and until it is lifted, no hospital will be adding significantly to its facilities. Imposed in order to give the state an opportunity to assess the current situation in the light of rising costs and the changing modes of health care, the moratorium was to have been lifted this June, but that has been postponed until the fall and may be postponed further.

"The health care industry is changing," Mr. Doody remarked. "People are not using hospitals the way they used to. The dramatic growth in the area is not impacting Princeton Medical Center the way one might think."

Thus the Medical Center's first order of business is to expand on-site parking. In time, the three-level, 395-car parking garage would be doubled, not by building higher, but by pushing east, filling the corner of Henry Avenue and Harris Road with a building that mirrors the original, Mr. Doody said.

However, parking garages are expensive, and the existing garage is only crowded at the mid-afternoon overlap of the morning and after-

TO VISIT MAY 19: Carol B. Choye, Princeton's newly selected superintendent of schools, will spend the week of May 19 in town. She'll meet with members of the community, participate in interviewing for the new Riverside School principal, and work out the transition with current superintendent Paul Houston.

noon/evening nursing shift. Remarking that "no tremendous growth necessitates a parking garage now," Mr. Doody told the board that the Medical Center wants first to blacktop that area as an onsite parking lot.

He showed rough sketches for three different lots, each requiring the demolition of at least two existing hospitalowned houses on Henry Avenue. The largest proposed lot, accommodating up to 123 cars, would require taking down three additional hospitalowned houses on Harris Road. The smallest, which Planning Board members preferred, would leave the three houses as a buffer to Harris.

Township Committee voted 4 to 1 last week to apply for a Green Acres grant and a Green Acres loan to assist in the purchase of the Mountain Lakes property as a wildlife preserve and park.

Mayor Winthrop S. Pike cast the lone dissenting vote, citing the number of parks already in the Township and his responsibility as mayor to keep the tax rate down on behalf of those who can barely afford to live here. "I'm an engineer," the mayor remarked, "and accustomed to analyzing things. If there were to be no money from Green Acres, the Township would be committed to buy the whole property. This is a year in which we are already committed to a \$7 million bond issue. the largest ever in the Township, and one which includes acquisition of the Larsen tract to be added to the Autumn Hills Reservation.

#### Do We Need This Garage? Chamber Members Surveyed

Early findings from a survey of Princeton Area Chamber of Commerce members show that 178 people would be willing to pay in the neighborhood of \$65 a month for spaces in the proposed Borough garage at Tulane and Spring Streets.

These results, updated as more responses are received, will be presented at a meeting of the Parking Subcommittee of the Borough Economic Development Commission scheduled for Tuesday, April 29, at 6 p.m. in Borough Hall.

The survey, which attempts to determine the need for the garage, was sent to 480 Chamber members. As of press time, 64 responses had been received.

Mayor Barbara Sigmund said the garage is still at stage one. "We're still asking if there are enough people to fill it." She said there is nothing to negotiate further with the Mercer County Improvement Authority (MCIA) "until we know we can fill the spaces."

The mayor added that she had received two additional inquiries from private companies interested in constructing the garage. She had received several earlier inquiries in February.

Council voted early this year to enter into negotiations with the MCIA to construct the 306-space garage and commercial space.

Economic Development

Commission Chairman Richard Woodbridge noted that, in addition to estimating the level of need, "or no need," the project must be shown to have no impact on the Borough taxpayer. He defined the MCIA's involvement as "being there to help determine, if a structure is the solution, how it should be done."

Mr. Woodbridge took over the chairmanship of the Economic Development Commission from Councilman Irv Urken, who voluntarily stepped down after Ann McGoldrick, an opponent of the

A chain accident involving three cars occurred shortly before noon Saturday on Washington Road at the intersection

of Faculty Road.

Borough police have charged Rebecca Savage, 72, of Claymont, Del. with careless driving and being an unlicensed driver. She was taken to Princeton Medical Center for treatment after her chest struck the steering wheel and she injured her left hand.

According to Ptl. Donald Dawson, Mrs. Savage's small car struck the rear of a car operated by Valerie S. Brooks of Highlands, pushing the Brooks car into the rear of the car ahead operated by Nick M. Derkace of Edison. Both cars had been stopped on Washington Road for the Faculty Road traffic light.

Ms. Brooks struck her knee on the dashboard, police report, but refused medical attention. The entire front end of Mrs. Savage's 1982 Chevette was totalled and it had to be towed from the scene.

#### "Deadly Force" Bill Passes

The state Senate has given final legislative approval to a measure allowing New Jersey residents a broader use of deadly force in self-defense or for the protection of property. The bill passed both houses with virtually no opposition and will be sent to Governor Thomas Kean for his signature.

The legislation removes the word "serious" from the statement that the victim must be "in fear of serious bodily harm from the intruder "It also states that a homeowner may use deadly force in sudden or unexpected confrontations; if the intruder refuses to disarm, surrender or withdraw upon request; or if there is a "presumption of reasonable belief" that a homeowner is confronted by danger when an intruder

#### **Property Tax Relief?**

Sen. Gerald Stockman, D -Mercer, has introduced legislation that would provide \$650 million in property tax relief, largely to homeowners earning less than \$50,000 a year. This would he accomplished mostly through an increase in the state income tax

According to Sen. Stockman, the average homeowner caroing \$20,000 annually would receive a benefit of \$383 and a homeowner earning \$40,000 would receive \$242. Someone carning \$100,000 would be subject to a tax increase of \$438.

Part of the program would be funded by elimination of the \$165 million tax relief act that took effect this year. The rest of the funding would come from increases in the state income tax for those earning more than \$20,000.

#### Divorce Law Change

A bill that would rewrite the New Jersey divorce law to require equitable distribution of property is expected to be voted on in the state Senate on May 5.

There is currently no state law governing how property should be divided during divorce proceedings. The new bill, sponsored by Sen. Wynona Lipman, D.-Essex, would establish strict criteria for dividing property as well as require the judge to file reasons for his decisions in dividing such assets

The judge would have to consider such factors as the length of the marriage, the standard of living, and the age of the parties. The bill would ensure that a spouse who made professional sacrifices so the partner could go to school or increase earning power would benefit from that increased

The bill would also ensure that both partners have enough money to pay for a lawyer to protect their interests during

#### Sanitary Salad Bars

A bill to regulate restaurant salad bars has been approved by the Assembly Health and Human Resources Committee. It calls on health authorities to review regulations concerning salad bars.

Assemblyman Peter Genova, spansor of the legislation, said he is concerned about salad bar patrons in restaurants and at supermarkets spreading germs by accidentally dipping their fingers in dressing containers and by handling the

Insurance Help for Seniors A program called PAIRS (Program Assistance with Insurance and Resources for Seniors) has been instituted by the Council of Community Services to help senior citizens make sense of medical bills and insurance forms.

Trained volunteers are available to help area senior citizens on the second and fourth Fridays of each month from 9:30 to 12:30 at the Senior Resource Center. The service is free, and appointments can be made by calling 924-7108.

PAIRS was developed by the health committee of the Council in response to a perception that the rising cost of medical care and the increasing complexity of the medical payment system made the need for such a program critical. PAIRS is supported by the donation of staff time and donation of supplies by participating organizations, including Princeton Medical Center, the Senior Resource Center, PACE, the Mercer County Office on Aging, the Princeton Community Homemaker-Home Health Aide Service, and the Coun-

University left her office in Frick Lab last week for three hours, leaving the door unlocked. Returning, she discovered that someone had removed \$40 from her pocketbook.

The 10-speed bicycle of a university student, left unlocked, was stolen last week from in front of the Engineering Quadrangle on Olden Street. It is valued at \$150.

A resident of Linden Lane reported the theft last week of \$45 in cash and a check for \$73 from a drawer in a bedroom.

Township police said there were no signs of forced entry in \* the theft which took place between 4 in the afternoon and 2:53 the following noon.

Augusta, perhaps, but not Princeton.

Borough police arrested a Borough resident around 2 Friday morning and charged him with operating a golf cart on Cannon Green behind Nassau Hall while intoxicated. Also charged with receiving stolen property is Jeffrey Myers, 24, of Morven Place.

Myers, police said, attempted to run away when he was first observed by university security. He was held by proctors until the arrival of police, who arrested him and later released him, pending his appearance in Borough court May

Chief Michael Carnevale commented that the police investigation revealed that Myers was intoxicated and that he had stolen the golf cart earlier from the Forbes College dormitory. It was leased by the university, Chief Carnevale said, for transportation of injured or disabled students.

Capt. Jack Petrone said potime.

That was unusual.

What was not was police having to block off Quaker Road and portions of River Road and Province Line because of flooding. Quaker Road had to remain closed the entire next day, Capt. Petrone reported, because the excessive water had caused such problems to the blacktop that work crews had to resurface the roadway.

Bryn Mawr Club Planning Its 55th Annual Book Sale

The annual Bryn Mawr Book Sale will open Thursday, May 1, at noon in Baker Rink on the Princeton University campus.

This year's sale features more than 50,000 books of every kind, including art, drama, literature, biography, foreign language books, history, cooking, gardening, medicine and business — all at bargain prices. There are hard-to-find, outof-print books, such as old Baedeker guides, and Landmark biographies for children. There are also magazines, textbooks, journals and phonograph records.

Sale hours are noon to 9 Thursday, May 1; 9 to 9 on Friday and Saturday, May 2 and 3; and noon to 3 on Sunday, May 4. Records go on sale on Friday, and everything is half price on Saturday. Sunday is Box Day, when a box of books costs \$2.

The advance sale for children will be held Wednesday, April 30, from 5:30 to 7:30 p.m.

Parking is available off in the University lot off Faculty Road between Alexander Street and Washington Road. A shuttle bus will run between the parking area and Baker Rink on Thursday afternoon. On Saturday and Sunday parking is available in the lots near the Rink, entered also by way of Faculty Road.

Proceeds from the sale provide scholarships for students from Central New Jersey who attend Bryn Mawr College.

#### "Diamond" - The April Birthstone

The Diamond is the most romantic of all gems.

'The fire that never burns out" is one way the diamond has been described.

Because western civilization considers the diamond the symbol of marital happiness and good luck, it quite naturally graces the engagement ring. As the April birthstone, the Diamond is a victory talisman said to endow the wearer with superior strength, fortitude and courage.

It is the hardest substance known to man.

It is a natural prism. It breaks up light into a shower of colors.

It is beautiful.

It is rare, And very valuable.

Yet three of every four families in the United States own at least one.

It is a diamond, the unique gemstone - Nature's "limited edition." Each diamond is a work of art. And each is an original. For, like showflakes or fingerprints, no two diamonds in the world are exactly alike.

Brilliance - The diamond's ability to capture light, bounce it around inside, and return it to the eye in a shower of colors, like a prism. No other gemstone the diamond's has brilliance.

Fire - The blaze of rainbow colors into which the diamond breaks up the light that passes through it. This quality is also called dispersion, and the diamond has the highest dispersion of any natural, colorless gem.

Scintillation - The twinkling of light that occurs whenever a diamond moves, even a fraction. A well-cut and faceted diamond will capture light from the slightest flicker of a condle.

Facets - The tiny planes placed on the surface of each diamond, which account for its fire and brilliance. Most diomonds ... have 58 facets, a number been has mathemotically determined by diamond experts to achieve brilliance. Even a threepoint diamond usually has 58 facets.

Hardness - The diamond is 85 times harder than the nearest contender, corundum, of which sapphires and rubies are composed. This means that diamond's facets can be polished to a luster and cut to an accuracy unequaled by any other gemstone, thus adding to its incomparable brilliance.

Color - Diamonds are usually thought of as being white. Actually, most diamonds have a tinge of color, usually so slight only an expert can see it, but it adds warmth to each diamond's unique "personality." Completely colorless, icy white diamonds are very rare, and therefore most expensive.

SMALL IS BEAUTIFUL

One of the unique qualities of the diamond - and what makes it so precious - is its rarity. Nature took simple carbon and heated it under tremendous pressure in the earth over thousands of years to produce diamonds. But she greatly limited the precious bits. An average of 250 tons of ore must be mined and processed to produce one carat (which is 1/142 of an ounce) of diamond!

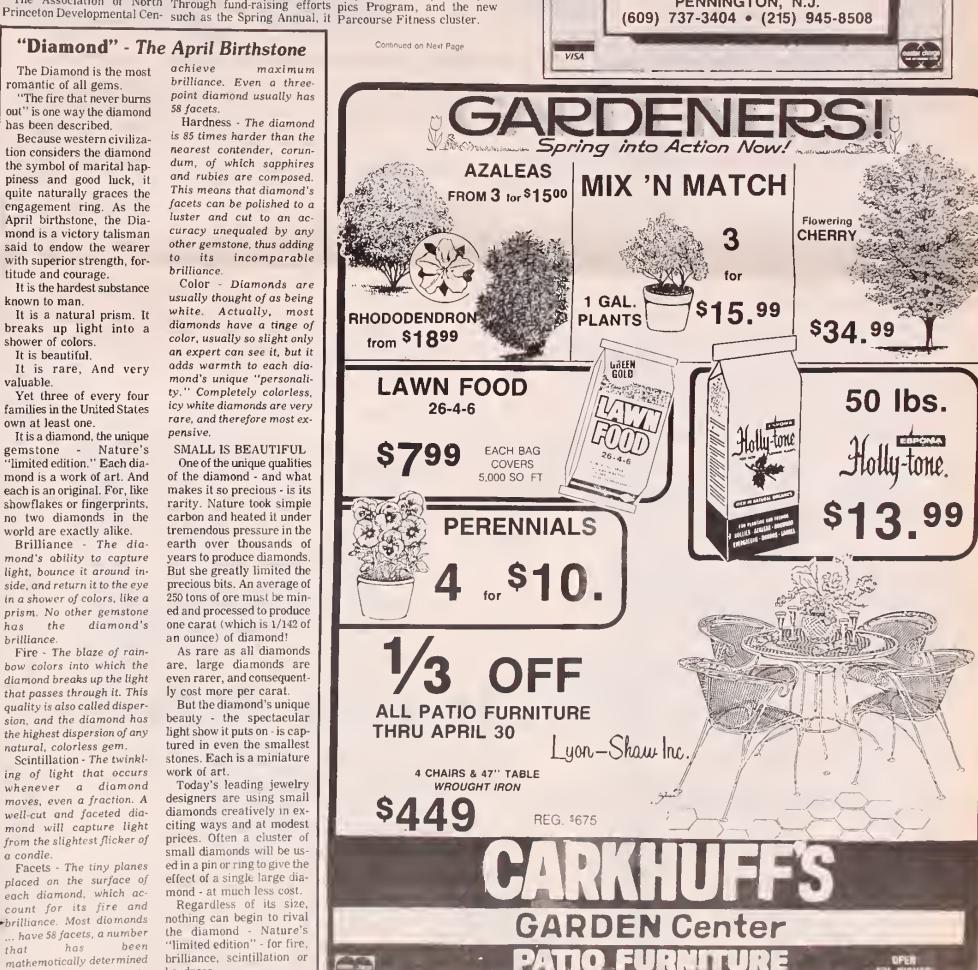

As rare as all diamonds are, large diamonds are even rarer, and consequently cost more per carat.

But the diamond's unique beauty - the spectacular light show it puts on - is captured in even the smallest stones. Each is a miniature work of art.

Today's leading jewelry designers are using small diamonds creatively in exciting ways and at modest prices. Often a cluster of small diamonds will be used in a pin or ring to give the effect of a single large diamond - at much less cost.

Regardless of its size, nothing can begin to rival the diamond - Nature's "limited edition" - for fire, brilliance, scintillation or hardness

#### Date Is Announced For May in Montgomery

The Van Harlingen Instorical Society will hold its annual "May in Montgomery" Saturday, May 10

This year's theme, "Life Along the Millstone River," will feature a tour along River Road with stops at 18th-century working farms; an 18th-century manor house and outbuildings; a pre-Revolutionary harn converted into a magnificent home with a large solar addition; and a contemporary home.

The adjacent Griggstown area with the Delaware and Raritan Canal and State Park, the lovely old (1842) Griggstown Reformed Church and the restored one-room schoolhouse are included on the tour, as are an art show and photographic exhibit.

River Road, starting at State Highway 206 just north of County Route 518, parallels Bedens Brook and the Millstone River. Its history reaches hack to pre-Revolutionary times. During the Revolution, George Washington and armies of both sides used it as a north-south route.

The tour will start at the Applied Data Research parking lot on Route 206, one mile north of Route 518. Tickets at \$7 will be on sale at the parking lot and a shuttle bus will take visitors to the River Road and Griggstown sites and return. Refreshments will be served at one of

the stops.

The Van Harlingen Historical Society was formed in 1966 to foster the preservation of Montgomery Township's historic heritage. The nonprofit Society sponsors May in Montgomery every year to focus community interest on this heritage and to give all who attend an inside look at a bit of history.

Proceeds of the event are used to maintain the Societyowned and restored Bedensville Schoolhouse and the 1752 Direk Gulick House.

Landscaping with Deer in Mind: They Love Tulips, Avoid Daffodils

Given an abundance of plant material to choose from, deer will nibble on certain plants and avoid others. Thus, before spending money on electric fences and other costly measures to try to keep deer out of their gardens, Princeton residents might consider being similarly selective in their choice of trees and shrubs

These are the observations of Matthéw Wilkinson, who grew up in Princeton and has returned after earning a degree in horticulture from Purdue University. As landscape gardener for Tenacre Foundation, located off the Great Road in an area of high deer concentration, Mr. Wilkinson paid particular attention to which plantings the deer grazed. He also noticed which trees were damaged by the bucks rubbing the velvet from their antlers.

Although Tenacres' new plantings of arborvitae, azaleas and yews were defoliated, along with new growth on established rhododendrons, Mr. Wilkinson found that the deer would not touch Japanese holly and Japanese andromeda. Similarly they do not like thorny pyracantha and leucothe,

a low weeping evergreen.
"Tulips are off the list," he says. "Deer keep them mowed down so far you can barely tell if they have come up at all." But daffodils are not to their liking. Nor do they seem to go for forsythia, although he thinks that a little "tip pruning" of this fast growing and spreading shrub, even by deer, won't hurt it too much.

Mr. Wilkinson says there is a toxin in the Ericacea family, which includes heaths and heathers — and andromeda – which deer will avoid. He makes no claim that his list is "fool proof," or that deer would not change their eating patterns if other shrubs were not available to them.

But he calls himself an animal lover and suggests that Princeton gardeners make their own observations of what deer eat and what they avoid. "At least we can give it a try, before we resort to hunting, poisoning and other measures,

Friday will be the day for music, with either area musicians or recordings.

Other activities will be planned for June, says Ms. Godfrey. Ideas for these include a daily exercise group, dancing, bird watching, fruit and vegetable picking, poetry groups, and sharing a garden with the help of teenagers.

The center is also welcoming three volunteers this month. They are Beth Smith, Brenda Lapsley and Peg Burger.

The Suzanne Patterson Center is open to all seniors. There is no charge. For further information, cell 683-0526.

LET'S TALK ABOUT

> ARBOR DAY IN **NEW JERSEY** with Sam DeTuro

#### Woodwinds Associates

Friday, April 25th is Arbor Day in New Jersey A day traditionally set aside to encourage the planting of trees and shrubs and to stress their important affect in improving the quality of life in our environment. As Arborists our job at Woodwinds is to care for trees and it would seem that an appropriate Arbor Day activity would be for us to adopt a tree or group of trees and to provide care that may be badly needed but would not otherwise be available.

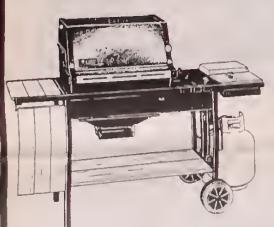

We have chosen a group of three elderly Maples growing along the bank of the Delaware & Raritan Canal right close to Route 27 in Kingston.

While the trees are old and declining we feel strongly that they are truly senior citizens of the community and that they do much for the present character of the area and ere closely in tune with its history.

Therefore, on Friday arborists from Woodwinds will be pruning, thinning and giving these our newly "adopted children" a good square meal of liquid fertilizer. Representatives from the Delawere & Raritan Canal Commission and South Brunswick Township will be on hand to welcome visitors who may stop by to watch this Arbor Day public service.

Mr. Doody responded that in his view Princeton Medical Center offers "a trauma Princeton Medical Center system without being labelled a trauma center. The surgeons, the emergency room doctors, "relatively small" in relation to the CAT scanners, all are right there, and the operating room is ready 24 hours a day." He said he thought the University hospital in New Brunswick would get the trauma center designation, "but we plan to be

there providing the service."
Asked why the Medical Ceoter did not consider building down -- underground -- rather erhaps in stages, as the J-wing than expanding upward, Mr. Doody gave a brief explanaMeanwhile, there are "needs tion: "Water and rock." A "river" runs below the site, he ex-plained, and some blasting was required for the original medical arts building.

HOPEWELL-LAMBERTVILLE ROAD

You have to see it to believe it! And then you will need another look. If unique means one of a kind, this is it! The architect-owner combined his ideas of the practical and the innovative and created a house for himself on an acre in Lambertville with a view. A carport opens to a foyer/office, utility room and stairs to the main floor. A large dramatic room with canvasshaded glass roof and soaring glass wall brings in the southern sun and opens to a large deck. The living-dining area has a wood-burning stove, the open kitchen is modern and stairs lead to two sleeping lofts and bath.

\$143,000

MADISON STREET

On this quaint street in midtown Princeton, the lines of this attractive house give it a classic look. In walking distance of town and gown, it offers freedom from the frustrations of traffic and parking meters. Hall, living room, dining room, study, delightful large country kitchen, bedroom/den and two baths on first floor. Master bedroom, sitting room and bath, two other bedrooms and bath on second. Two rooms and bath on third. \$335,000

WEST SHORE DRIVE

A curving brick walk bordered by a delightful variety of plantings leads to this attractive Colonial in Elm Ridge Park. An interesting doorway with leaded glass opens to a spacious foyer, gracious living room, formal dining room, powder room and kitchen with a charming dining-solarium (with roof windows) and family room with brick wall fireplace, both opening to a deck overlooking nature's woodland. Four bedrooms and 2 baths on second. Attractive features include the rolling countryside and good schools of Hopewell Township.

**MAIN STREET** 

What is so rare as — an authentic Pre-Revolutionary large stone Colonial completely restored while retaining its original charm! In the designated historical district of old Lawrenceville, from 1750 until 1832 it was the homestead of the Phillips family in what was then called Maidenhead. After the intervening years, it now awaits a family who enjoys gracious living and appreciates its heritage. Built in 3 stages, the original part of the house, with its huge fireplace with crane and oak beamed ceiling, is now used as a club room. The 35 ft. foyer with its wide plank flooring, opens to the double parlors, each with carved mantel fireplace, formal dining room, modern kitchen, garden room, half bath and rear porch on first floor. Master suite with 2 fireplaces, four bedrooms and 2 baths on second. Bedroom and bath on third

FERRAND ROAD

Dramatically different, this handsome, newly-built house now available in prestigious Russell Estates offers gracious living for a family and a glamorous setting for the entertainment of many guests. A vestibule opens to a spacious foyer, wide hall and huge 2 story living room with a classic Palladian window, formal dining room, library, each with fireplace, gourmet kitchen with breakfast area, half bath and master suite on first floor, Two bedrooms and bath on second. \$570,000

RIVERS EDGE

Overlooking the Delaware River in Lambertville, this luxurious riverfront townhouse has dramatic views from two balcony decks and patio. One of just eleven individually designed units, it is located in the heart of Lambertville, a short stroll across the bridge to New Hope, with the possibility of a dock for boat or canoe. With many custom details of high quality, it offers: large living room with fireplace and river view, formal dining room, modern kitchen, three spacious bedrooms, 2½ baths, one with bidet and Jacuzzi.

Prime location in Princeton Township — eleven plus acres zoned for office building.

# We guarantee that we will sell your house in 30 days

if you list with us before May 31, 1986

At Fox & Lazo, we're committed to more than just promises. We guarantee that we'll sell your home in 30 days (or less) from the time we put a "For Sale" sign on your property or we will return the listing.

How can we do this? Simple. We've been servicing Delaware Valley residents for over 100 years and no one knows the market better than we do.

We also have the most comprehensive marketing plan in the industry. Because we don't settle for the "tip of the iceberg." With our Total Exposure Program, we use proven methods that work to sell your home.

Our marketing program covers the Delaware Valley with ads, signs, direct mail, brochures, etc, etc, etc.

Largest real estate broker in the **Delaware Valley.**—Since 1886 we've built our business on one absolute rule: that service to our clients is the number one most important benefit we provide.

Over 600 professional sales associates—Our thoroughly trained sales associates offer you quality service, innovative sales strategies and techniques, and excellent follow-through.

Over 25 branches to serve you— Wherever you are located in the Delaware Valley, whether Pennsylvania or New Jersey, there will be a Fox & Lazo office nearby.

Our Sales Surpass the Competition— We are selling twice as many homes as our nearest competitor. In 1985 we sold over 7,000 homes.

Weekly advertising guarantee—As part of your contract, we promise to advertise your home a minimum of once each week. Presently over 16,000 classified ads appear each week in all major area newspapers.

Free Competitive Market Analysis— We'll research homes now on the market and those recently sold to determine your best selling price.

Estimate of Seller's Proceeds—We'll also help you plan in advance for expenses

> that will apply to your transaction. You'll

know what amount of money you'll leave the settlement table with.

Extensive Relocation Services—With one of the largest Relocation Divisions in the United States, we processed over 1,000 transferees last year. This guarantees a steady flow of new clientele.

Aggressive Open House Campaigns— Our extensive Open House programs generate 800 home buyers each Open House.

New Homes Division—As exclusive agents for numerous quality builders, we have over 700 buyers a week touring our developments.

Still More Marketing Tools to Generate Buyer Flow-

- Twice as many yard signs throughout the Delaware Valley as our nearest competitor.
- An extensive computerized direct mail program announcing the sale of your
- Major TV campaigns to make viewers aware of Fox & Lazo and our services.
- Our Distinctive Homes program especially designed to market exclusive homes.
- Brochures, newsletters, sell sheets—and much, much more!

# Fox & Lazo's 30 Day Guarantee

In order to provide our clients with fast and efficient service, Fox & Lazo Realtors guarantees to sell your home in 30 days from the time we put a "For Sale" sign on your property-or, upon written request, we will cancel the listing contract at any time after 30 days.

Under the terms of this Guarantee, Fox & Lazo promises to provide the client with:

- Free Competitive Market Analysis
- Guaranteed Weekly Advertising
- Estimate of Seller's Proceeds Aggressive Open House
- Campaign Relocation Services
- Computerized Direct Mail
- Comprehensive Marketing Program
- Free Seller's Manual Weekly progress
- reports Pre-qualified buyers
- Financial advice provided by our own Mortgage Company

# Fox & Lazo's Shelter Mortgage Services

We're a lender, too. Shelter Mortgage Services is a wholly-owned subsidiary of Fox & Lazo that provides "one-stop shopping" for all your financial needs. We can save you time by pre-qualifying buyers for your home. Then we can help them with a suitable mortgage.

What's more, you can take advantage of the lowest mortgage rates in eight years.

# MARCEL BREUER...IN PRINCETON NEED WE SAY MORE?

Yes, we must because while the master architect put his very special stamp on the basic house, it took two very special people, new to our area, but totally involved in the Breuer philosophy, to take this MOMA house a step beyond! Given the totally secluded spot of almost four acres, they added on, they enlarged, they enlivened — and to this discerning eye, they even improved! The outdoors come in! The artwork is nature itself, in every season, extremely brilliant while at the same time, very restful. The house must be seen. It is really splendid. Do call Peggy Hughes for the particulars!

A drama full of suspense is being played out at McCarter Theatre these days

The protagonists are McCarter Theatre itself, Gilbane Construction Company and Triangle Club. The plot: Will McCarter he ready Thursday, May 1, for the opening night audience to see Triangle's 97th annual musical revue, Star-Spangled Banter?

There was dismay in midwinter, when McCarter announced that the re-opening planned for March 3 would have to be postponed to May 1. Dismay soon gave way to a sense of serendipity, when it was realized that May 1 was the date for which the 1986 Triangle Club show had been scheduled.

McCarter Theatre had been built for Triangle Club originally. It was February 20, 1930, when audiences entered the brand new \$450,000 stone building to see The Golden Dog. Triangle's original musical comedy. Thus it is particularly appropriate for Triangle to be re-opening the theatre after its \$3.8 million facelift 56 years

Down to the Wire. As the days and weeks gallop by, it has become clear to everyone on the McCarter staff, and to those in charge of the complex construction project, that it is going to be close. The reasons have more to do with state construction code requirements and permitting procedures than with the pace of the work. McCarter officials have nothing but praise for Gilbane Construction workers, who five weeks ago went on a 10-hour seven-day work week in an effort to complete the renovation

A schedule was drawn up di-8 a.m. and from 8 to 4 to install those seats.

John Herochik, McCarter production manager who has been a key liaison with the construction company, has a crew of 14, plus 10 temporary workers, who have also been putting in seven-day weeks. These employees, who normally build the sets and make the costumes for McCarter productions, have been kept busy during the long months that McCarter has been "dark" in such tasks as constructing the special concert stage and backdrop, making acoustical banners and doing some of the

Mr. Herochik estimates that it will take his crew 10 days to install all 1,087 seats. Gilbane Construction will continue to work overtime from 7 a.m. to 5 p.m and has much yet to do. In fact, construction will probably continue past the May 1 Triangle opening right up to the May 16 preview of McCarter's new production of As You Like

During a tour of the theatre last week, workmen were everywhere, and so were pipes and plaster dust, construction material and equipment. Partitions were being installed in the new lavatories in the basement, new lighting balconies were being hung close to the stage on the auditorium wall. A strong odor of glue emanated from where carpet layers were fitting new blue-green carpeting around main floor risers.

Longtime McCarter audiences may experience something of a shock when they first view "the new McCarter" from the inside. The lowered ceiling and the two new screened catwalks hanging from it have been painted dark blue; the walls and carpet are in a bluegreen (same shade as the Richardson Auditorium seats, a renovation done by the same architect, John Grieves); and the seats and balcony facing are a warm rose red.

The play explores the pnlitical and psychological power struggles that unfold when a man mysteriously dies, leaving several surrogate sons to take over the running of one of the world's largest nations.

Men on Thin Ice, has had some two dozen plays produced off-Broadway, and in university and resident theatres. He is currently chair of the Theatre Arts Department at Rutgers, where he also teaches playwriting. This reading will be guest directed by William Partlan, who guided the reading of an earlier version of the script at the O'Neill Theater Center in Connecticut.

Mr. Partlan has directed numerous new plays including Rum and Coke, Ma Rainey's Black Bottom and Brother-

### Play with Music Planned By Pennington Players

The Pennington Players will present I'm Getting My Act Together and Toking It on the Road the first two weekends in May at the Arts Council huilding.

The play with music by Gretchen Cryer and Nancy Ford was performed in 1978-79 at the New York Shakespeare Festival's Public Theatre. It deals with a woman singer, who has decided to put the frustrations of her past behind her, get her life together, and move on. Her manager, Joe, tries to keep her (and everyone else) under his control, and the result is a subtly powerful work with penetrating insights into the characters, along with humor and memorable music.

The principal characters are played by Janice Bremee of West Windsor and James Kotkiewicz of Langhorne. Also in featured roles are Diana Gaston of Hamilton Square, Kate West of Rocky Hill, and Tony Smith and Dianc Guenther, both of Trenton. The show is directed by Peter LaBriola of Pennington, with choreography by Judi Lehrhaupt of Yardley.

Performances will be Friday, Saturday and Sunday, May 2-4, at 8, and again Friday and Saturday, May 9 and 10. There will be a 3 p.m. matinee Sunday, May 4

Tickets are \$6. For information and reservations call 737-

### Films for Children Set By N.J. State Museum

Mr. Kuzma presented this work in a controlled fashion. Each timbre was phrased smoothly in and out of the melodic line. The effect was a seamless current of exquisitely organized sound.

Performing under a guest conductor is an unprecedented event for the Chamber Symphony. The fact that it played this difficult program so well is attributable to the players' musicality, to Mr. Kuzma's skill as a conductor, and especially to the developmental approach with which musical director Portia Sonnenfeld has built her orchestra.

### Do-It-Yourself Creativity At Frames & Framers

Do you have a special photograph to be framed or a painting or poster? If you'd like to give your artistic bent a chance to develop and save some money at the same time, try a visit to Frames & Framers in the Mercer Mall.

"There's nothing like this in the area," says owner Judy Grow. "No place else can bring such immediate satisfaction. You can get it done that day People always leave satisfied and happy, and pleased they've had a chance to be involved themselves.

Another possibility, for a small added charge, enables the customer to choose the materials and do much of the assembly, but the staff will build the frame. A third choice is custom framing in which the staff does all the work. Seventy-five percent of spend an hour and a half on the do it themselves, with 25 percent selecting custom framing, reports Mrs Grow.

the store's customers choose to project, adds Mrs. Grow. "It could be less, depending on how much time people spend at the front table choosing the frame. We'll pull out what is proper and right for the piece and give the customer three or four options. But the final choice is the customers.

Sometimes people come in with ideas of what they want, but more often than not, they will rely on the expertise of the staff. "It's very rare when someone knows just what he or she wants, and it's correct physically to hold the piece or aesthetically to lonk at, observes Mrs. Grow.

Teaching and Learning, She emphasizes that the staff is ready to help with colors and most appropriate materials. As one staff mem-ber puts it, "We do a lot of teaching." And learning, too. "Every piece that walks through the door presents new challenges," explains Mrs. Grow. "We often make our own selections. It's immediate gratification. You design something and start out. Ynu're not really sure how it will be until you're done. It's a field in which we are always learning.

A former music teacher, with a strong interest in art, Mrs. Grow wanted her own shop. Aware of the do-it-vourself framing concept, she "took courses, attended seminars and read constantly" and eight years ago opened her store.

The location in the Mercer Mall was excellent, and customers began coming from a wide area, including New Brunswick, other parts of New Jersey and Doylestown, Pa. The store proved in be such a successful nperation that Mrs. Grow recently opened another Frames & Framers in Short

People bring in all types of things to be framed, she remarks, but "cross stitch needlework is very popular now for framing. It's nice for presents - wedding, baby presents, 'I like you' presents, whatever." Mrs. Grow has written two books on needlework and says that framing needlework is a specialty of

"Posters are also an incredible part of the business. People love them." Metal frames are very big now, too, she reports. "It's different now because

don't know how to do this,' but there's much more variety, with close to 100 colors. We're not locked into standard size. We can cut to size, so we have complete flexibility.

> Save on Labor. As well as the fun of using your own imagination and creativity to fashion a frame, there are savings to be had by doing it yourself. Mrs. Grow explains that the average labor cost for a 16 by 20 inch frame is \$14.50. The customer eliminates this by doing the job

# Lacrosse and Baseball Reduced to Playing Out the String; But 150-lb Crew Faces Major Test against Harvard, Yale

Those sports fans who enjoy the all-too-fast moving spring season will have their last chance to see muniple of here on Saturday and Sunday chance to see multiple action Given a break by the usually-fickle April weatherman, there will be a pair of EIBL doubleheaders on Clarke Field, an lvy League men's lacrosse contest on Finney Field, two EITA tennis matches at the Lenz Center and an important lightweight crew race on Lake Carnegie.

With the possible exception of the men's tennis team and the 150-pound oarsmen, none of these contests figure to have any championship bearing Nonetheless, they do represent pretty much the last hurrah for a season which is invariably short and almost always plagued by uncertain weather.

The tennis matches, with Army Friday and Cornell Saturday, may keep alive Princeton hopes for a title tie. The Tigers must win both and then defeat on the road to have a shot at even a tie for the crown.

On Lake Carnegie, the Goldthwait Cup will be the objective in what has become an annual horse race among the lightweight crews of Princeton, Harvard and Yale. The Tigers are defending the Cup and have managed to eke out victory in each of the last two years. Another win would send the Bengals into the Sprints in the favored role again.

In their final two league doubleheaders of a most disappointing season, Princeton's baseball team hosts Yale Saturday and Brown Sunday with only the salvation of pride left to the defending loop

Princeton's last lacrosse win the march to glory in 1985, over Cornell and few would bet Todd Tuckner capped a on one this weekend, as the 1-9 three-run sixth inning with a Tigers (prior to Wednesday's two-run boundary belt in the game at Rutgers) take on the opener against Cornell, pro-Big Red.

Earlier RBI hits by Sean Welsh and Dan Arendas helped to fashion the 4-3 Tiger victory.

Cornell's Gary DiGiuseppe worked ahead of almost every Princeton hatter to take the nightcap, 4-1 Tuckner drove in Princeton's only tally after the Big Red had grabbed a 3-0 lead against Art Peponis.

The Tigers were scheduled for a Monday game at Rutgers and for a Wednesday makeup contest with Fordham prior to the Yale-Brown weekend skirmishes.

Another Lacrosse Loss. Though they varied the script, the men's lacrosse team composed the same theme as they bowed to Harvard in Cambridge, 11-9, their third Ivy loss against a single win. The Crimson huilt a 7-3 halftime lead and held off the late Nassau bid which was led by sophomore Rob Palumbo's four goals. Princeton managed to launch 41 shots, no small accomplishment, but the Harvard goaltender blocked 23 of them, the rest going wide of the mark.

Despite the closeness of many of the games, it is hard to judge the men's lacrosse program as in anything but hard times. One can hardly

Here's one that may surprise you ... Of all the big league baseball players in history, which one led the league in home runs the most consecutive years? answer is NOT Babe Ruth or Hank Aaron as you might expect ... It's Ralph Kiner, who led the National League in homers for 7 consecutive seasons from 1946 through 1952 ... The most consecutive years Ruth won the home run championship were 6, and the most years in a row Aaron did it were 2.

I bet you didn't know ... that Mortgage insurance is the least expensive of all life insurance. Is your

Amazingly, a baseball team once scored 209 runs in one game! ... It happened in a minor league game many years ago when Buffalo won a game 209 to 10 ... They scored 58 runs in the 8th inning of that game to set the all-time professional baseball record.

remember when last a Tiger team was in contention for the Ivy title and whether it is blowing leads late or rallying to come up short, the "L" column is much too heavy.

Busy Day on Carnegie. In a busy day on Lake Carnegie, Princeton came up winners in the women's and 150-pound regattas, but the heavies continued to have a tough time. The women rebounded from their setback at the hands of Radcliffe to defeat Yale by slightly better than a length. They did so with a stirring rally in the final 500 meters to, overtake the Blue women.

The heavyweights fell behind Harvard by as much as two and one-half lengths during the body of their Compton Cup race, then put on a real drive which eventually found them taking the Crimson wake hy about three-fourths of a length. This may have been Princeton's best showing yet in what has been a struggling cam-

Rebounding from last week's surprising loss to Rutgers, the Cup against Pennsylvania. The Tigers stroked to a victory in the varsity race of better than two full lengths as their final prep for this week's key Goldthwait Cup Big Three regatta.

It had to end sometime and the practical end for the Princeton softball team came last Saturday in Providence as the Bruin girls hung a double shutout on Coach Cindy Cohen's three-time defending Ivy League champions.

### PDS Nine Splits Again; IVY LEAGUE LACROSSE Are 2-0 in Prep League

Another split in games last week kept the Princeton Day baseball team just below the .500 mark, but the Panthers are winning the right games.

An 11-7 victory over Montclair last Saturday gave the Panthers a 2-0 record in Prep B competition. A day earlier the Blue and White lost, 10-7, to George in a non-league contest.

The win against Montclair can be credited to a fine threehitter pitched by Matt Lustig. who picked up win number three in the process, and some lusty hitting by several players.

Tim Howard and Mark Venable each had three hits and drove in three runs, as PDS broke open a close game with three runs in the fourth and added four more in the sixth and two in the seventh. A base A bases-loaded triple in the hit by Don Shaffer drove across fifth inning by designated hitter two of the three in the fourth Tim Rumer highlighted a six- and a three-bagger by Matt run rally by the Little Tigers Lucas accounted for two of the

> The day before, Lustig pitched just two-thirds of an inning in relief of Andrew Bushnell, but it was enough to saddle him with his second loss of the season. After a shaky start, not helped by more PDS errors, Bushnell settled down and pitched well until he was relieved in the sixth.

Making up for their miscues in the field, PDS batters fought back from a 6-1 deficit, eventually tying the score at 7-7 with three runs in the top of the sixth. However, George won the game with three off Lustig in its half of the inning.

Lustig had better success at the plate on this day, with a double and four RBIs. Mitch Warren, Venable and Howard had the others.

A game against Montgomery was scheduled to be played this past Tuesday, and on Saturday, PDS will meet another Prep B foe, Rutgers Prep, at home at 11 a.m. The Pennington game, rained out last Wednesday, has been rescheduled for April 30.

### **Hun Defeated by Steinert** In 6-2 Loss in Baseball

Each team rapped out eight hits, but Steinert made theirs count more, in posting a 6-2 victory Saturday over Hun School.

They were a little more productive with theirs," agreed Hun coach Bill McQuade who added that once again Hun was not getting the big hit with men

Hun has a big week ahead, starting with a 3:45 contest this Wednesday against rival Pennington School in Pennington.

Friday afternoon Hun will be at Lawrenceville, and less than 24 hours later at 11 on Saturday. the Raiders will be at Ewing The last two schools have fine teams and will be favored to win, prompting McQuade to comment, "It's now or never time for us." Hun is currently

Half of Hun's hits were for extra bases, including a double and triple by losing pitcher Drew Sigafoos and doubles by Dan Blank, Tom Jingoli and Dave Henn. But all Hun got out of it were singles runs in the fourth and fifth innings. Hun left the bases loaded in one inning and stranded runners on second and third in another.

"We didn't play badly but again errors and mental errors - six overall — hurt us," said McQuade. Three of Steinert's runs were unearned, he said.

Centerfielder Kevin Klopfer had three hits in four at bats and two stolen bases to lead the visiting Spartans to their eighth win in nine starts. Steve Bagley (3-1) got the win.
